The IIMT Intellectual Property Cell (IPC) is established to provide Intellectual Property Rights (IPR) awareness for faculties and students. It also scrutinizes legal and monetary facets of the documentation of research papers. Many of the intellectual possessions are not sheltered due to the lack of understanding of the importance of IPR. For this reason, IPR cell can contribute knowledge about IPR and aid in filing of patent applications and filing other forms of IPR. IPR cell functions under the Research Committee of the college. Internal Quality Assurance Cell (IQAC) in association with IPR cell organized seminar to propagate the importance of IPR among the teaching community of the college.

Objectives of Intellectual Property Cell

- To create awareness about IPR for faculties and students of the University
- To conduct workshops, seminars and training course on IPR
- To disseminate knowledge on patents, patent regime in India and abroad and registration aspects
- To impart training on future endeavors regarding patent filing processes
- To encourage faculty members and scholars to go for patentable works

IP Cell Committee:

InterScience Research Network (IRNet) has been established in the year 2010 in Bhubaneswar, India by some of the professors and researchers working across the globe with a mission to disseminate information about the recent research findings and help the research community to learn state of the art technology. IRNet has a strong network in the south Asian countries like Singapore, China, Korea, Indonesia, Malaysia as well as India.

IRNet publishes 15 international Journals (serials) and Conference proceedings (Non-Series) as well as a book Series on "Computational Management". The journals cover wide range of topics in the field of Science, Technology, Engineering and Management (STEM).
